

## Schedule – PTS 57 – Waters Field analyses by samplers

The time for analysis is around 2 weeks.  
Regarding the volume of the samples, please contact us at [sales@bipea.org](mailto:sales@bipea.org).

MONTH	MATRIX	SAMPLE CODE	Next shipment
October	Feed water	0157, 0357, 0557	2016/10/25
	Waste water	0957	
February	Surface water	0857	2017/02/14
	Preparing solution	0257	
	Water for preparing solution	0457	
	Feed water	0357, 0557	
June	Feed water	0557	2017/06/13
	Swimming pool water	0657, 0757	
	Sea water	1057	

Code	Parameters
0157	pH, conductivity, Redox potential, Turbidity, Free chlorine, Total chlorine, Active chlorine
0257	Free chlorine, Total chlorine, Active chlorine
0357	Isocyanuric acid
0457	Free chlorine, Total chlorine, Active chlorine
0557	Dissolved oxygen
0657	pH, conductivity, Redox potential, Turbidity, Free chlorine, Total chlorine, Active chlorine
0757	Isocyanuric acid
0857	pH, Conductivity, Redox potential, Turbidity
0957	pH, conductivity, redox potential
1057	pH, Conductivity, Salinity

The calendar might change for technical or scientific reasons. Please refer to your member area on [www.bipea.org](http://www.bipea.org) to check the deadline.
